

ENDOWMENT FUNDS

Endowment Funds allow donors to perpetually benefit one or more Christian ministries. A minimum of \$1000 is needed to open an account. Normally, the earnings will be reinvested until the account reaches the fund balance of \$10,000.

An Endowment typically states that the net income is paid out to the charities chosen by the donor(s) in the original Endowment Fund agreement. This income distribution normally begins with a minimum fund balance of \$10,000.
