FINANCIAL LEGACY

A financial legacy is one of the greatest investments that an individual can establish through legacy planning or estate planning. The Arkansas Baptist Foundation exists to help individuals establish financial legacies. For individuals leaving at least ten percent of their estates through a Will or trust to benefit God's work, the Foundation can provide drafts of estate planning documents for them to review with their attorney.

The Foundation would love the opportunity to help you establish a financial legacy for ministry purposes. If God is prompting you to leave a financial legacy for His work, please call the Arkansas Baptist Foundation at (800) 798-0969 or (501) 376-0732.
